

## thyssenkrupp donates equipment for 2 digital class rooms to Dnyaneshwar Vidyalaya, Wadala

For a second consecutive year, thyssenkrupp Industrial Solutions (India) reached out to the Dnyaneshwar Vidyalaya at Wadala, Mumbai, donating digital equipment for the school's digital classrooms as part of its CSR programme for the year 2018 19. The donation, which took the form of laptops, speakers, and audio visual facilities, followed the company's donation to the Nagrik Sahayya Kendra-run school in 2017 18.

The ceremony for the inauguration and handover of the Digital Classrooms was held in the last week of August 2019 in the presence of Trustees, Teachers, Staff and Students from Dnyaneshwar Vidyalaya, and senior officials from thyssenkrupp, and the Rotary Club of Mumbai Mahim, who were Project Partners.

Complimenting the teaching staff for their initiative in adopting newer learning techniques, Mr PD Samudra, MD & CEO, pointed out that 'the results are already starting to show.' He also expressed satisfaction at the Trust's pursuit of excellence. 'thyssenkrupp is proud to be associate with the School,' he said. Earlier the assembly maintained 2 minutes silence in memory of the late Dr Abdul Razak Khatri, the erstwhile Secretary of the Nagrik Sahayya Kendra Trust, who had made considerable contributions to the School during his tenure.
