

Mr Arun Ladia was Panellist at Project Management Forum....

Mr Arun Ladia, Vice President Construction was Panelist at a Panel Discussion organised by NITIE Mumbai to celebrate International Project Management Day on Nov 1 2018. The Panel Discussion was held at NITIE's Campus in Powai, Mumbai in association with Project Management Institute (PMI), Mumbai.

The Panel Discussion started with welcome addresses by Prof. Karuna Jain, Director, NITIE and Mr. V B Khanapuri, Dean (Academics), covering insights into the Industry in a VUCA (Volatile, Uncertain, Complex and Ambiguous) world, highlighting the importance of Project Managers in global projects in achieving three major goals namely Timely Completion, Resource Optimization and Cost Efficiency, and the paradigm shift in technology now being experienced.

Mr. Arun Ladia's presentation covered a variety of subjects including the importance of Project Management Tools for realising digital innovation in an age of Industry 4.0, the challenges for Material Procurement and Management and Tools such as Primavera, BOM, RFID tags which add value to the planning phase and thereby to the success of project. He emphasized the importance of Contract Management and Risk Management for becoming a proficient Project Manager.

Mr Arun Ladia was Panellist at Project Management Forum....

Amongst others, Mr Ladia shared the dais with a senior representative from Tata Projects Limited.

The event was attended by Project Management specialists from a variety of sectors from across the country.
