

Mr Suresh Pandita speaks at Industry Meet

Mr Suresh Pandita, Chief Manager – Sales Technologies read a paper at the 3rd International Chlorinated Alkanes Conference 2018 organised by the Chemtech Foundation in Delhi in the second fortnight of Dec 2018. The event was supported by leading Chlor-Alkali companies in India, and Euro Chlor and the World Chlorine Council, two nodal associations which operate from Europe. The Meet helped give an overview of Global regulatory developments, Applications & Trends, Raw material challenges, Supply chain perspectives and Research & new developments in the field of Chlorinated Alkanes.

Reading a paper on the Chlor-Alkali Market Industry Scenario, Mr Pandita gave the distinguished audience an insight into the recent trends in Caustic Soda and Chlorine fields, and the key indicators for the future of the industry.

The Meet was attended by a number of senior representatives from customer organisations, technology partners and plant implementation experts. There was also representation from Euro Chlor Europe and RegNet Environmental Services, USA, and Dignitaries from Ministry of Chemicals & Fertilizers, Govt. of India and Pollution Control Board (India).
