

# tkIS India supports the National Competition for Outstanding Young Chemical Engineers – OYCE 2019

The Indian Institute of Chemical Engineers (IChE) Mumbai Chapter recently conducted its annual **Outstanding Young Chemical Engineers (OYCE) 2019 Competition** at MGMs College of Engineering and Technology, Kamothe, Navi Mumbai.

tkIS India sponsored the awards for the first 3 winners under the Working Professionals Category, which featured entries on a variety of aspects in the chemical process fields. The 1<sup>st</sup> prize was won by the representatives from Heavy Water Board BARC, the 2<sup>nd</sup> by Godrej and the 3<sup>rd</sup> prize was awarded to Tata Consultancy Engineering. These winners were selected from the 10 entries received for this category. M/s. Blast Carboblocks sponsored the awards for the winners in Under graduate category.

**Mr. P. V. Chepe, Executive Director – Technologies was a member of the Panel Discussion addressing the academia – industry interface.** He also felicitated the winners in the Working Professionals Category at the Valedictory Session.
